### Hampshire Trading Standards Service

#### Cold Callers – Diesel Generators

Reports have been received about diesel generators being sold at the door.

With Spring on its way, and along with it longer days and better weather, it is likely cold calling will increase.

Trading Standards advise residents not to respond to cold callers offering goods, or home and garden maintenance service.

Always use a fully approved trader, such as a member of Trading Standards 'Buy With Confidence' approved trader scheme

To report Doorstep Crime or to request a Trading Standards 'Buy With Confidence' directory call our Partners at the Citizens Advice Consumer Helpline
