Western Weekly: 3rd July 2014

Colleagues,

We are getting well into the summer season now and the team are making preparations for the many events and shows we attend throughout the summer and autumn. We hope to see many of you at these events.

From reviewing last week's criminal activity together with this week's two issues are highlighted.

The first being theft of, or attempted theft of Quad bikes. We have had three in the space of 2 weeks in the Ringwood and Fordingbridge areas. If you do have a quad bike please use a ground anchor when the bike isn't in use. Please also ensure that if the bike is not road registered that you have security marked it or fitted it with datatag or some other similar type of security device.

Over the past few weeks we have also seen quite a significant increase in diesel thefts, particularly from commercial premises. Again it is possible to get an alarm fitted to a diesel tank so please consider this. Diesel is expensive enough without giving it away to criminals who then use it to travel between 'jobs' or sell it on. Obviously if you are offered diesel by anyone its likely to be illegally obtained so please don't hesitate to report this to us.

Kind Regards

Debby Holman Western Country Watch Sergeant
